

S6 Microsonde Kit

A micro sized sonde designed for use in very small diameter applications, particularly microducts.

\$1,025.00
Set of Lithium batteries (10)
\$98.00

S9 Minisonde

A mini sized sonde designed for use in small diameter applications where diameter restricts the use of larger sondes.

\$1,025.00

S13 Super Small Sonde

A very small sonde designed for use in small conduits and ducts, and capable of passing around tight bends.

\$968.00

S18 Small Sonde

A small sonde particularly useful in small diameter applications.

\$824.00

Standard Sonde

The standard sonde combines compact size and strong signal. Available in 512Hz, 8kHz or 33kHz options.

512Hz: \$912.00
8kHz: \$708.00
33kHz: \$762.00

Slim Sonde

Slim sonde used for locating duct structures

\$757.00

Sewer Sonde

Robust sonde with a very strong enclosure, suitable for abrasive applications such for use in sewers

\$963.00

Super Sonde

Robust sonde with a very strong enclosure, suitable for abrasive applications such for use in deep sewers

\$1,303.00
